Mark Lizotte

has successfully completed the online, non-credit Specialization

Cloud Computing Primer for Semi-tech and Business Learners

This cloud computing primer specialization is intended for semi-technical and business learners. No prior cloud computing knowledge is required. The courses in this specialization will teach the foundational concepts driving cloud computing, including: A General Introduction to Cloud Computing, What is Software as a Service (SaaS), What is Platform as a Service (PaaS), What is Infrastructure as a Service (IaaS), What is the Public Cloud, and What is the Private Cloud. These topics will prepare you to tackle further advanced information technology courses.
