The Business Case for ESG

Sustainable Finance:
Products, Instruments and
Future Trends

Nov 30, 2025

Mark Lizotte

has successfully completed the online, non-credit Specialization

The Intersection of Finance, Strategy, and Sustainability

This introductory specialisation helps finance professionals and managers understand the basics of sustainability, ESG, and sustainable finance. Starting with fundamental concepts, you progress through the business applications of ESG and explore common sustainable finance products. The specialisation focuses on practical examples and real-world applications, making complex topics accessible for professionals new to sustainable finance and ESG.

Amir Amel-Zadeh,
Associate Professor of
Accounting, Saïd
Business School

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses.
